Understanding Your Student's Score Report

NOTE: The sample Individual Profile Report is for illustration purposes only.

Section A Individual Profile Report (IPR) identifies your student's name, your student's teacher, school system, school name, birth date, test date, and student ID. Please check this part carefully to be sure the report is for your student.

Section B gives the name of the test.

Section C identifies the test form.

Section D offers a brief description of how your student scored on the test.

Section E lists areas within the content that are measured by the test. These Reporting Categories (RCs) indicate your student's performance in different content skill areas. It is possible for your student to be proficient in the total test, but be below proficient in one or more RCs. It is also possible for your student to be below proficient on the total test, but proficient or advanced in one or more areas of the test. Samples of types of questions in these Reporting Categories are provided in test preparation materials that are available online at www.tn.gov/education/assessment/.

Section F gives a graphic representation of how your student performed in each Reporting Category. These "Achievement Level Indicators" are labeled as follows:

★ **Advanced** - Students who perform at this level demonstrate **superior** mastery in academic performance, thinking abilities, and application of understandings that reflect the knowledge and skills specified by the grade/course level content standards and are significantly prepared for the next level of study.

● **Proficient** - Students who perform at this level demonstrate **mastery** in academic performance, thinking abilities, and application of understandings that reflect the knowledge and skills specified by the grade/course level content standards and are well prepared for the next level of study.

◐ **Basic** - Students who perform at this level demonstrate **partial** mastery in academic performance, thinking abilities, and application of understandings that reflect the knowledge and skills specified by the grade/course level content standards and are minimally prepared for the next level of study.

△ **Below Basic** - Students who perform at this level **have not** demonstrated mastery in academic performance, thinking abilities, and application of understandings that reflect the knowledge and skills specified by the grade/course level content standards and are not prepared for the next level of study.

Test Form G

Your student has achieved a Scale Score of xxx (overall achievement level) on the Algebra I End of Course examination. The test data shown below describes your student's degree of success in meeting the requirements of the content and skills assessed by this test.

Section G is your student's score for each Reporting Category based on the Reporting Category Performance Index (RCPI). The RCPI is an estimate of the number of items your student would be expected to answer correctly if there had been 100 such items for that category.

Section H shows the bar graph which represents how your student performed in each Reporting Category based on the RCPI. The graph allows you to see how close your student's score was to the next higher or lower achievement level.

-  **Diamond** - Represents your student's Reporting Category Performance Index (RCPI)
-  **Bar** - Represents the proficient range of the Reporting Category
-  **Confidence Band** - The line to the right and left of the Student RCPI symbol (◊). The line represents the range where your student would most likely score in a similar test experience.
-  **Hash Mark** - Represents the RCPI necessary to achieve the Basic Achievement Level

Section I shows the RCPI needed for each Reporting Category to reach the Basic, Proficient, or Advanced level. The RCPI cuts indicate the minimum number of items a student would need to answer correctly to be classified as Basic, Proficient, or Advanced in a given Reporting Category if administered 100 items similar to those tested.

Section J indicates your student's strengths and opportunities for improvement by Reporting Category.

Test scores reported on the IPR reflect the student's actual performance on that test and are only one indication of a student's ability. Results should be evaluated in conjunction with other sources of student achievement. For further assistance with understanding your student's End of Course assessments score report, contact your student's teacher.
